Dear Harvinder

Re: Mediation reference

I was the Part 20 Defendant in a landlord and tenant dispute, after a series of conversations with the claimants I agreed to let their property for them, having let the property a dispute arose and our relationship broke down, resulting in them bringing a claim against myself and the defendants.

The defendants and I believed we had done exactly what we had been contracted to do, and denied their allegations and indeed their claim; however it was quite clear that this matter had to be resolved and we all agreed to mediation.

After an afternoons negotiations, and coming close to walking away without settling, a settlement was achieved, I wish to thank you for your diplomacy and mediation skills, as it was a long afternoon, a 3 party dispute with 7 people for the claimants, and although I was not represented and the other 2 parties were you ensured that the process was even handed, keeping us all focussed on moving forward rather than dwelling on the past.

I have kept your details and have already recommended you to others, and will continue to do so. Thank you once again.

Yours sincerely

Lloyd Kuber
