Dear Harvinder

**Reference from two construction Mediation Observations**

I learnt a lot from observing Harvinder and I found him to be very accommodating and willing to teach.

He was very communicative in providing ample opportunities to observe his mediations, and went above and beyond to ensure that I had understood the process, the subjects of each mediation, and the importance of various methods used.

To include an extensive Q & A, and requesting my feedback, on my overall learning.

I would recommend him to anyone new to mediation looking for a good mentor.

Yours sincerely

Sofia Amato
